Re: National Leadership PAC October monthly amendment 3 and 4

Dear Ms. Wilkins,

This letter is to help clarify our amendments to the October monthly report filed on May 2, 2001.

The first amendment filed today was an error. Please disregard this amendment.

The second amendment filed today deals with requests made by your office to clarify and complete missing information. As mentioned previously, continued computer problems have caused confusion here because when I submit the reports, they are complete and when you receive them, they are not. I believe that those problems are now resolved. In addition we are switching computer software vendors, which I believe will help matters greatly. Accordingly, on line 23, the necessary information (office sought and congressional district) should now appear.

Also, in your letter to us you cited our disbursements to Dr. Paul Perry for Congress. As mentioned in the above paragraph, the election cycles in which we intended to attribute our disbursements to, should now appear correctly.

Regards,

Holly Giarraputo
